Housing and immersion in the École Polytechnique environnement.

What is X-UP Access?

This offer provides accommodation for growth-stage startups and innovative technology companies seeking to immerse themselves in our entrepreneurial ecosystem at the heart of the École Polytechnique campus, offering both shared coworking spaces and private offices.

Our goal ?

To house and support your company's growth, while giving you direct access to the entrepreneurial ecosystem of the École Polytechnique and the Paris-Saclay innovation hub.

Offer details

- Furnished offices ranging from 12 to 35 sq.m.
- Coworking options available in open spaces (subject to availability) ;
- 10 meeting rooms and an auditorium available for booking ;
- Thematic workshops, connections to our ecosystem (startups, legal, finance, investment, students...), and access to all our events (Demo Day, Investor Ecosystem Day...) ;
- Proximity to École Polytechnique's laboratories and Institut Polytechnique de Paris interdisciplinary centers ;
- Wi-Fi and free parking ;
- Optional add-ons: access to the X-FAB prototyping center (70 machines over 1,000 sq.m and a medical bio-engineering lab), tailored coaching by the incubator team (X-UP Scale), as well as access to the school's sports facilities and dining services.

An extensive network of public and private partners

6 engineering schools :

École Polytechnique, ENSTA Paris, ENPC, ENSAE Paris, , Télécom Paris, Télécom SudParis

A thriving entrepreneurial ecosystem

A wide range of financing options

International networks

Interdisciplinary centers

Life inside the Drahi-X Novation Center

Dedicated spaces | Cafeteria | Post Office | WI-FI | ATM | Dining options | Sports center

How to join ?

- Location: Drahi-X Novation Center
- Flexible start date every month
- Private offices: from €400 excl. VAT/sq.m/year
- Coworking: €120 excl. VAT/desk/month

Strategically located with...

- A unique ecosystem uniting students, researchers, project leaders, early-stage startups, corporate partners, investors, and beyond.
- Direct access to deep expertise and top-tier talent.
- Ideally connected to an international airport and a major transit hub (high-speed TGV, bus station, RER regional rail, and soon a direct metro line to Orly Airport).

Eligibility & contact

Housing offer open to any growing startup and innovative tech company operating in key sectors such as Greentech, Edtech, Healthtech, Defence, NewSpace, and the industries of the future.
