PRESS RELEASE – JUNE 28, 2023

QS WUR 2024: IP Paris in the Top 40 of the world's best universities

- **38th in the QS ranking of the world's best universities (+10), 2nd in France (=)**
- **10th worldwide for the employer reputation of its graduates (+1) and 1st in France**

FRANCE, June 28, 2023 - Institut Polytechnique de Paris has gained 10 places in the QS World University Rankings (WUR) 2024, moving into the Top 40 of the world's best universities, in 38th position. IP Paris also ranks 10th worldwide in terms of its graduates' reputation with employers.

Now in the top 3% (+1%) of the world's top universities out of the 1,500 in the QS 2024 ranking, IP Paris is pursuing its objective to position itself as a key player in international education and research in science and technology.

In the QS WUR 2024, the Institute is ranked 2nd among French institutions.

These results reflect the commitment and dedication of its founding schools - École Polytechnique, ENSTA Paris, ENSAE Paris, Télécom Paris and Télécom SudParis. The QS WUR ranking is based on a number of criteria, including academic reputation, citations per

faculty, employer reputation, graduates' professional success, sustainability, faculty student ratio and international outreach.

IP Paris particularly distinguished itself in terms of international faculty, international students and employability, ranking 1st in France.

"Only two years after its entry in the QS rankings, Institut Polytechnique de Paris has made remarkable progress, confirming its position as a leading education and research institution in the world. Reaching the world's Top 10 in terms of reputation among employers is a testament to the outstanding quality of our students and the excellence of our courses. Once again, IP Paris stands out for its international outlook and the outstanding academic reputation of its researchers and laboratories", says Eric Labaye, President of Institut Polytechnique de Paris.

ABOUT INSTITUT POLYTECHNIQUE DE PARIS:

Institut Polytechnique de Paris (IP Paris) is a public higher education and research institution that brings together five prestigious French engineering Schools: École Polytechnique, ENSTA Paris, ENSAE Paris, Télécom Paris and Télécom SudParis. Under the auspices of the Institute, they share their combined expertise to fulfil two major ambitions: to develop educational programs of excellence and cutting-edge research in science and technology. Thanks to the academic anchorage of its five founding Schools and its alliance with HEC Paris, IP Paris positions itself as a leading teaching and research institution in France and internationally. **www.ip-paris.fr**
